Global Agro Trade
Excellence Begins with
BADANI CORPORATION

About Us

Badani Corporation stands at the forefront of India's agricultural industry, renowned for its excellence in manufacturing, supplying, and exporting top-quality agricultural products. With a legacy of innovation and commitment to quality, Badani Corporation has established itself as a trusted name in the sector.

Mission

Our mission is clear to revolutionize the agricultural industry. We aim to drive progress through continuous innovation. Empowering global markets with quality and trust. We strive to uplift farming communities through sustainable practices. Delivering excellence in every grain, seed, and spice we export.

Vision

Our vision is to be the premier leader in the agricultural industry with unwavering commitment. We aspire to set new benchmarks in quality, sustainability, and global reach. Driven by innovation, we aim to redefine agro excellence worldwide. Empowering agriculture, enriching lives that's the future we see.

Our Benefits

PROVIDING HIGH QUALITY PRODUCTS

At Badani Corporation, our commitment to providing high-quality products is unwavering. From sourcing the finest raw materials to employing stringent quality control measures, we prioritize excellence at every stage of production. Our dedication to quality ensures that each product bearing the Badani Corporation name is synonymous with reliability, purity, and superior performance.

OUR PRO

PRODUCTS

PEANUTS

1. Blanched Peanuts

Our peanuts in shell are whole peanuts encased in their natural shells, offering a crunchy texture and rich, nutty flavor. They are a popular snack and can be enjoyed roasted or boiled. Packed with protein, healthy fats, fiber, and essential nutrients, these peanuts provide numerous health benefits. However, individuals with peanut allergies should avoid them, as they can cause severe reactions.

Product Specifications:

- Types: 41/51 to 141/161 counts/ounce
- Origin: Gujarat, India
- Packaging: Bulk & customizable
- Use: Roasting, snacking, cooking
- Shelf Life: Long-lasting with natural shell

2. Ground Peanuts

Our Java Ground Peanuts, also known as Moongphali or Groundnuts, are renowned for their unique taste and high protein content. Sourced from the fertile regions of Gujarat, these peanuts are meticulously processed to meet international quality standards, ensuring freshness and flavor in every batch.

Product Specs:

- Varieties: 41/51 to 141/161 counts per ounce
- Origin: Gujarat, India
- Processing: Cleaned, graded & hygienically packed
- Packaging: Customizable as per client needs

3. Peanut In Shell

Badani Corporation offers premium, skinless blanched peanuts, processed through a boiling and chilling method that removes the skins. These peanuts are ideal for snacks, confectionery, baking, and peanut butter, ensuring a clean and smooth texture.

Product Specifications:

- Types: Whole, Split, Roasted (Salted or Unsalted)
- Sizes: 38/42, 40/50, 50/60, 60/70, 70/80, 80/90
- Quality: Moisture: $\leq 4\%$, Red Skin: $\leq 3\%$, Splits: $\leq 15\%$, Aflatoxin: ≤ 4 ppb, Foreign Material: $\leq 1\%$

SPICES

1. Coriander Seeds

Coriander seeds, also known as Dhaniya Beej, are small, round seeds with a warm, citrusy flavor and a hint of sweetness. They are widely used in cooking and baking to enhance curries, soups, and stews. Rich in fiber, antioxidants, and vitamins C and K, coriander seeds aid digestion, reduce inflammation, and support heart health.

Product Specifications:

- Types: Whole, Ground
- Purity: 99%
- Moisture: $\leq 8\%$
- Packaging: 25 kg, 50 kg PP/Jute bags
- Storage: Store in a cool, dry place
- Export Markets: USA, Europe, Middle East

2. Cumin Seeds

Cumin seeds (Jeera) have a warm, earthy flavor and are commonly used in cooking for curries, soups, and stews. They are rich in fiber, antioxidants, and essential nutrients, promoting digestion and heart health. Available in whole or ground form.

Product Specs:

- Types: Whole, Ground
- Purity: 99% / 99.5% / 99.8% (as per requirement)
- Moisture: Max 10%
- Packaging: 5kg, 10kg, 25kg, 50kg bags (customized)
- Storage: Store in a cool, dry place
- Flavour: Warm, earthy, slightly bitter
- Shelf Life: 12 months under proper storage

3. Fenugreek Seeds

Fenugreek seeds (Methi Dana) are small, golden-brown seeds with a slightly bitter, nutty flavor. They are commonly used in cooking and baking to enhance curries, soups, and stews. Rich in fiber, antioxidants, and essential nutrients, fenugreek seeds aid digestion, reduce inflammation, and support blood sugar control.

- **Product Specifications:**

- Types (Counts per Ounce): 41/51, 51/61, 61/71, 71/81, 81/91, 91/101, 101/111, 141/161
- Origin: Gujarat, India
- Color: Golden-brown
- Flavor: Slightly bitter, nutty
- Form: Available whole or ground

4. Fennel Seeds

Fennel seeds (Saunf) are aromatic, greenish-brown seeds with a sweet, licorice-like flavor. They are commonly used in cooking, baking, and as a mouth freshener. Rich in fiber, antioxidants, and essential nutrients, fennel seeds support digestion, reduce inflammation, and promote overall health. Available in whole or ground forms.

- **Product Specifications:**

- Purity: 99% / 99.5% / 99.85%
- Moisture: Max 10%
- Total Ash: Max 10%
- Acid Insoluble Ash: Max 1.25%
- Foreign Matter: Max 0.5%
- Mold & Insect Damage: Max 1%

PULSES

1. Green Moong

Green Moong (Green Gram or Moong Dal) is a small, mild-flavored legume native to India. It is easily digestible and suitable for all age groups. Rich in protein, fiber, and essential nutrients, it supports digestion, heart health, and blood sugar regulation.

Product Specifications:

- Types Available: Whole and Split Green Moong
- Origin: Gujarat, India
- Purity: 99% minimum
- Moisture: 12% maximum
- Admixture: 0.5% maximum
- Packaging: 500g, 1kg, 25kg, and 50kg PP bags; customized available
- Shelf Life: 12 months

2. Desi Chana

Desi Chana, or Black Chickpeas, is small, angular, and has a rough, wrinkled texture. Typically 5–8 mm in diameter, its color ranges from dark brown to black. With a thicker seed coat and firmer texture than Kabuli chickpeas, it is used in curries, salads, chaats, and snacks, and can also be ground into besan or used to make chana dal.

Product Specs:

- Appearance: Small, angular, rough texture.
- Color: Dark brown to black.
- Texture: Raw - hard; Cooked - soft but firm.
- Moisture: $\leq 12\%$.
- Packaging: 25–50 kg PP bags.

3. Chickpeas

Kabuli chickpeas (also known as garbanzo beans) are large, tan legumes with a mild, nutty flavor. They are rich in protein, fiber, and essential nutrients, making them a staple in vegetarian diets. Used in various cuisines for dishes like hummus, falafel, and salads, they come in different grades based on size, moisture, and defects.

- **Product Specifications:**

- Size: 7-13mm
- Moisture: $\leq 12\%$
- Broken/Split: $\leq 2\%$
- Foreign Matter: $\leq 0.2\%$

SESAME SEEDS

1. White Sesame Seeds

White sesame seeds are small, oval-shaped, ivory-colored seeds with a mild, nutty flavor. They are rich in nutrients like protein, fiber, calcium, and iron, and are commonly used in cooking, baking, and making sesame oil or tahini. Known for their crunchy texture, they offer various health benefits, including supporting heart health and bone strength.

Product Specifications:

- Purity: 99% – 99.95%
- Moisture: 5% – 8%
- Size: 3–4 mm (length)
- Shelf Life: 12 months
- Packaging: 10–50 kg bags
- Origin: India, China, Paraguay

2. Hulled Sesame Seeds

Hulled sesame seeds are the inner part of sesame seeds with the outer shell removed, offering a smoother texture and enhanced flavor. They are rich in protein, healthy fats, and essential vitamins and minerals. These seeds are commonly used in baking, cooking, garnishing, and making products like tahini.

Product Specs:

- Purity: $\geq 99.98\%$
- Moisture: $\leq 5\%$
- Protein: $\geq 20\%$
- Crude Fiber: $\geq 2\%$
- Shelf Life: 12 months
- Packaging: Available in 10-50 kg bags

GRAINS

1. White Rice

Badani Corporation offers a range of premium white rice varieties, including Basmati, Sona Masoori, IR64, and more, sourced from Gujarat, India, and processed to meet international standards for quality and consistency.

• **Product Specifications:**

- Origin: Gujarat, India
- Varieties: Basmati, Non-Basmati, Sona Masoori, IR64, Swarna, Parboiled, Long Grain, Short Grain
- Packaging: Bulk quantities, customizable options
- Export: Competitive pricing, prompt delivery worldwide

2. Wheat

Wheat is a staple cereal grain used in baking and cooking, providing essential nutrients like carbohydrates, fiber, protein, and vitamins B and E. It is the base for many foods, including bread, pasta, and cereals. Wheat can be consumed as whole grain or refined flour.

• **Product Specifications:**

- Forms: Whole grain, refined flour
- Nutrients: Carbohydrates, protein, fiber, vitamins B & E
- Health Benefits: Supports energy, digestive health
- Uses: Bread, pasta, cereals, baking
- Gluten: Contains gluten; not suitable for gluten-sensitive individuals

GARLIC

Garlic is a highly nutritious bulb, renowned for its medicinal and culinary uses. Rich in vitamins C and B6, manganese, and selenium, it offers numerous health benefits. It contains allicin, a compound with antibacterial, antiviral, and anti-inflammatory properties. Garlic helps boost the immune system, lower blood pressure, and improve heart health.

Product Specifications:

- Type: Fresh bulb, garlic powder, garlic flakes
- Color: White or purple
- Flavor: Pungent, savory
- Nutrients: High in vitamins C & B6, manganese, selenium
- Packaging: Available in 500g, 1kg, 50g, and 100g sizes.

RAISINS

Raisins are nutrient-dense dried grapes rich in potassium, iron, calcium, and antioxidants. Naturally sweet and high in fiber, they support digestion, boost energy, and promote heart and bone health. Available in black, golden, and green varieties, they're perfect for baking, salads, and snacks.

- **Product Specifications:**

- Varieties: Black, Golden, Green
- Nutrients: Potassium, Iron, Calcium, Fiber
- Health Benefits: Digestive support, energy boost, heart & bone health
- Uses: Baking, snacking, salads
- Storage: Keep in a cool, dry place in an airtight container
- Shelf Life: 12 months
